

Certified tour operator

Úlfjótswatn Outdoor and Scout Center became certified as a tour operator by the Icelandic tourist board in 2015. Although not a requirement for hosting scout groups (including accommodation, meals, activities and tours), the certification is a clear testimony of the quality of our services.

The next step will be to obtain a Vakinn certification, which focuses on safety and quality in the tourist industry. We hope to finish the work for Vakinn certification in spring 2016.
