

Self-guided hike

Activity information

02

Program: Earth

Program section "Earth" focuses on hiking, biking and other bipedal adventures.

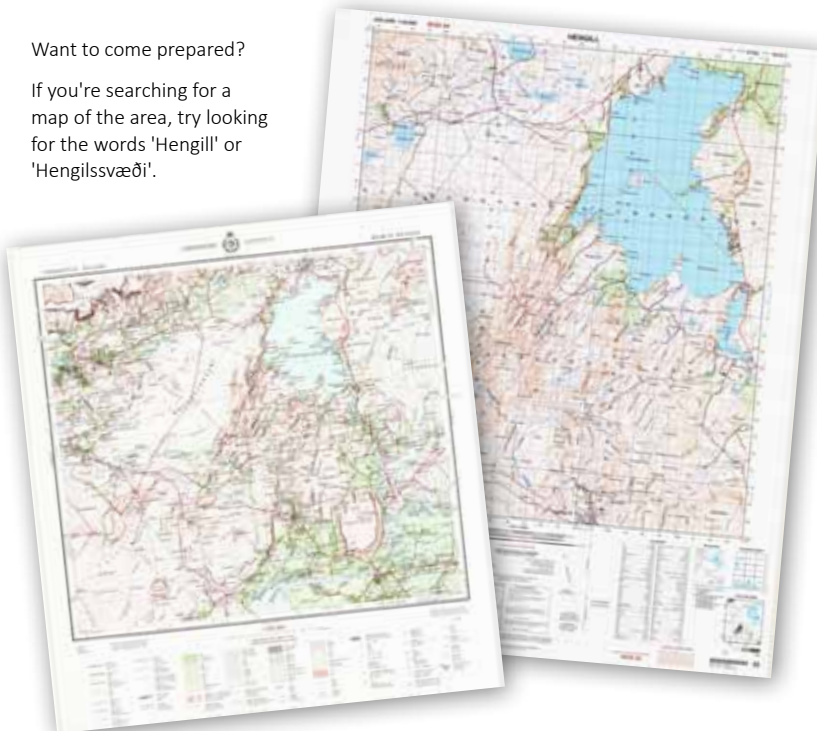

27/08/2015

The area around Úlfjótsvatn is great for hiking, both on and off marked trails. You can get a map and directions at our Service Center, and for longer hikes you can fill out a route-card and leave with us for added safety.

Want to come prepared?

If you're searching for a map of the area, try looking for the words 'Hengill' or 'Hengilssvæði'.

The activity is ...

- ... Free. No rentals needed.
- ... Available from May to August
- ... Run by guests (self-guided)
- ... Child-friendly and suitable for young participants (depending on route)

About the activity:

Although there are some marked routes close to Úlfjótsvatn, the landscape also offers great opportunities for wild "off-trail" hiking.

Our staff will be happy to go over the possibilities and maps with you before your hike.

You should be able to find a suitable hike for you, lasting anything from 30 minutes to 30 hours.
