

# Water Safari

## Activity information

12

### Program: Water

Program section "Water" focuses on sailing, paddling, fishing and other water based adventures.

**Popular!**  
This is one of our most popular program offers

An obstacle course built on water is a great way to spend a warm day or even a rainy day (you're wet already anyway). This is one of our most popular summer activity and it's completely free! You can rent a lifejacket and helmet at our Service Center if you desire.

#### The activity is ...

- ... Free. No rentals needed, but renting a helmet and life vest is optional.
- ... Available from May to August
- ... Run at the center
- ... Run by guests (self-guided)
- ... Child-friendly and suitable for young participants.

#### About the activity:

Water is up to 1 meter deep ... and cold.

You will get wet and dirty, so bring a towel and dry clothes.

After this activity, it's a perfect idea to take a hot shower at the shower block on the campsite.

Parents/leaders should accompany any children that can not swim.

Adult supervision is required at all times when children are doing this activity.
