

Snorkeling in Silfra

Activity information

18

Program: Water

Program section "Water" focuses on sailing, paddling, fishing and other water based adventures.

The Silfra fissure is one of Iceland's best kept secrets. Silfra, which is situated in the heart of Þingvellir, the site of the world's oldest parliament, is an otherworldly scene. The crystal clear water in the deep fissure gives you a feeling of being weightless as you float down with the lazy current. This is a relaxing but exotic trip in an environment most will only encounter in their dreams.

Upon arrival at Silfra, your guide will give you your dry suit and snorkeling equipment. Your guide will explain how to use this equipment and how to ensure that you will be warm and comfortable during your 30 to 40 minute snorkeling tour of Silfra Hall, Silfra Cathedral, and Silfra Lagoon.

The activity is ...

- ... Available from May to August
- ... Available from September to April
- ... Including a coach ride
- ... A half day's worth of fun
- ... Run by professional guides
- ... Well suited for those with some level of fitness and mobility

About the activity:

Silfra fissure is located in Þingvellir national park, about 25 km from Úlfjótavatn

Difficulty level is 2 out of 5. No knowledge of the sport is needed.

Minimum age: 14 (or 150 cm tall)

You will need warm undergarment clothing i.e. fleece/wool sweater and pants, warm socks, a change of clothing and packet lunch/tea. Please note that glasses do not fit under the goggles. If you have bad eyesight you need to have contact lenses or bring prescription goggles.

Includes: Bus fare, snorkeling with guides, snorkeling gear, dry-suit.
