

Bouldering

Activity information

25

Program: Fire

Program section "Fire" focuses on extreme sports, traditional sports and crafts and mixed adventures.

28/10/2015

A good way to practice your climbing moves or a great introduction for young beginners - bouldering is an essential part of the climbing sport. At the north side of the on-site climbing towers you

will find a small bouldering wall with holds that go up to approx. 2 meters. You can use the wall as much as you want, and make up your own problems. Bouldering is a self-led activity so group leaders may want to assist younger participants and keep an eye on safety matters.

The activity is ...

- ... Free. No rentals needed.
- ... Available from May to August
- ... Available from September to April
- ... Run at the center
- ... Run by guests (self-guided)
- ... Child-friendly and suitable for young participants

About the activity:

Keep in mind that weather conditions might not make this activity available in the winter.

The bouldering wall accommodates 1-2 persons at a time, and has a width of approx. 3 meters. It is more suitable as an activity for a few individuals than a large group.
