Many groups have it as a tradition to offer their service for a volunteer project when they stay at the same place for a few nights. At Úlfjótssvatn we have been so lucky to have groups taking on projects like path-making, upgrading the mini-golf course, painting houses, cleaning the campsite and many more.

If your group would like to leave their mark on the place in the most positive way, please let us know and we will find a good project. Do you have a specific project in mind? Don't hesitate to run it by us to check if it's possible.

Every guest that does a service project gets a woven volunteer badge with the name and logo of the center.
